Revolutionize Your Queue Management

Transform Qube with the new Android Ticket Kiosk, designed to streamline operations, enhance customer experience, and boost efficiency.

Advantages

✓ **Enhanced Customer Experience:** Intuitive interface and modern design for seamless and convenient ticketing.

✓ **Scalable Solution:** Perfect for businesses of any size, from small shops to large institutions.

✓ **Boosted Brand Image:** Customizable branding options to align your business's aesthetic and branding guidelines.

✓ **Cost-Effective:** Excellent value without compromising on performance.

Android Ticket Kiosk | Features

Key Features

✔ **Compatible with Qube:** Offered through a flexible subscription plan or as a one-time upfront purchase.

✔ **User-Friendly Interface:** Easy to install and use, with minimal training for staff.

✔ **Customizable Interface:** Branding, colour schemes, and UI elements to reflect your brand identity.

✔ **Maintenance Included:** Ongoing maintenance included with an active subscription, ensuring your kiosk stays up and running.
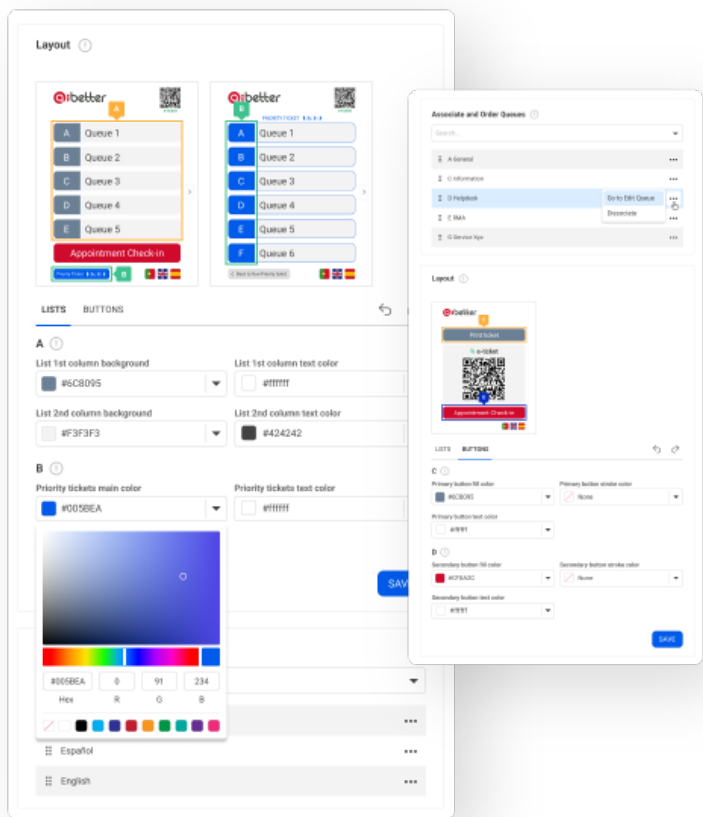

Technical Specifications and Pricing

✔ **Display Options:** 15.6" & 21.5" touchscreens, available in grey and white, and with either a table or floor stand.

✔ **Android Powered:** Reliable Android OS for robust performance and compatibility with a wide range of peripherals.

✔ **Flexible Pricing Plans:** Competitive pricing with options for subscriptions or one-time purchases.
